Dedication

To a Gallant Warrior

Mrs.

Josephine

Dill

In dedicating our yearbook to Mrs. Josephine Dill, we are proud to add our acclaim to the many accolades bestowed upon Mrs. Dill upon her retirement.

We pay tribute to Mrs. Dill as an outstanding human being and professional educator. Her ready wit, her humility, her driving energy, and her warmth have always made her an attractive and inspiring individual. Her dynamic thinking and cosmopolitan views have delighted the young in heart.

As a counselor, she was a hard task master, demanding that each of her counselees respond to the highest standards of ethical behavior and intellectual achievement. May we say thanks for your efforts on our behalf.

But most important of all, we admire Mrs. Josephine Dill, because she has been a fighter all her life. She has been a dedicated and consistent fighter for the equality and intellectual emancipation of women, proficient scholarship, superior educational opportunities for all students, and for the improved status of the teaching profession.

As an active citizen in her community, Mrs. Dill has diligently crusaded for civic improvement and quality education. She is indeed a brave warrior in the struggle for a better world in which to live. Her daily life and deeds have exemplified the finest ideals of American citizenship.

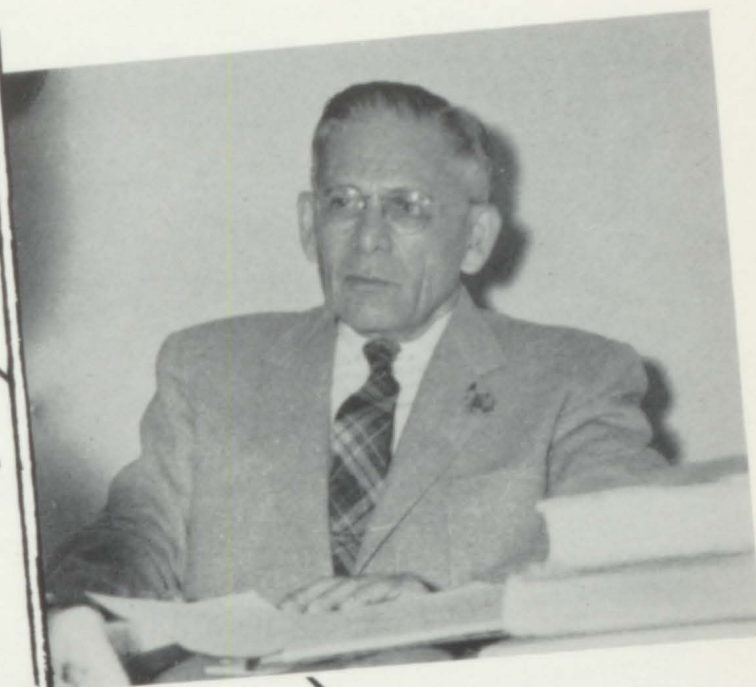

Humanity owes her a debt of gratitude. For, she is a part of that small, gallant band of dedicated human beings who persist in striving and working for a better tomorrow for all people.

To be her student is to be her loyal devotee forever.

Bon Voyage

Mr. Ephraim Eisenberg

VICE PRINCIPAL, ran a tight ship and always held to a true and steady course.

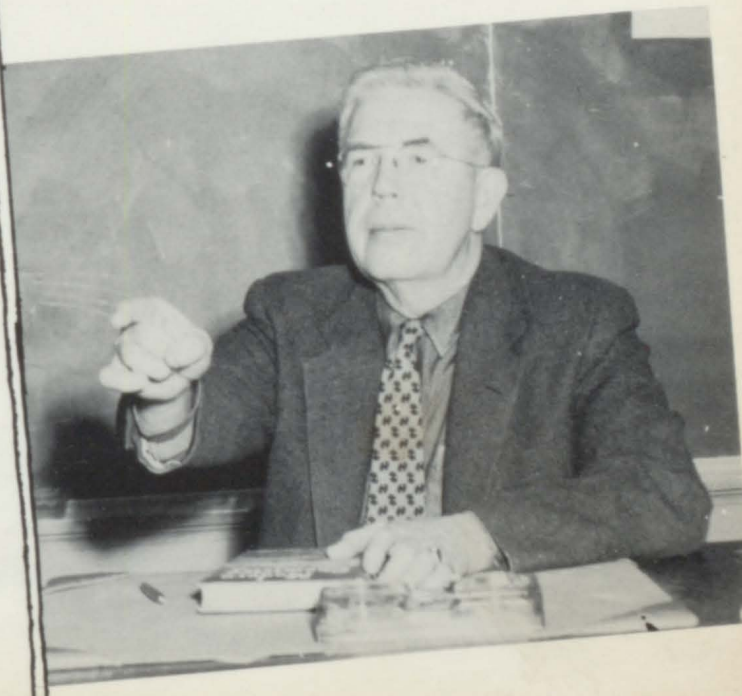

Dr. Alice Sterner

Chairman of the English Department, navigated and charted new courses in the field of English instruction, reaching new horizons.

Mr. Samuel Buhrman

Master chemistry teacher and first mate of the Science Department, raised the flag of learning to the top of the mast without compromise.

Senior Class Advisers

Through Thick and Thin

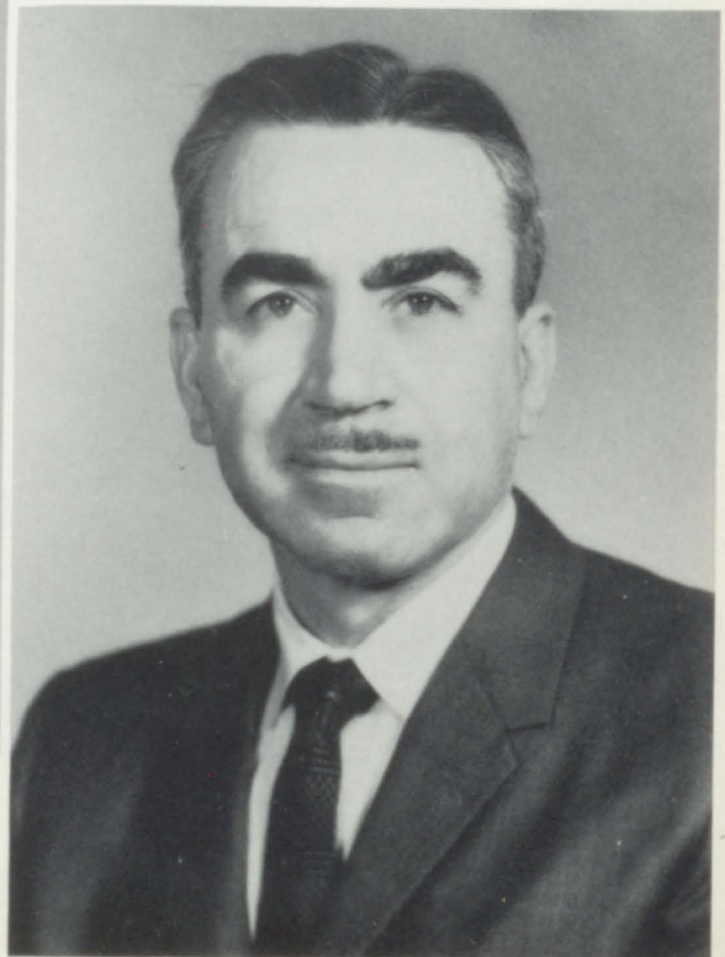

Mrs. Helen Grasso

Your gracious smile, your thoughtfulness and loyalty were always encouraging to us beleaguered seniors.

Mr. Daniel Verniero

Calm, cool, efficient, and dedicated, these were your characteristics that guided us through many problems.

Senior Class Officers

Hold Think Session

Senior class officers think hard about challenging problems: Rocco Neola, President; Joe Falcone, Vice-President; Russell Montana, Vice-President; Marlene Molinaro, Treasurer; Roseann Perna, Secretary.

Knowledge is

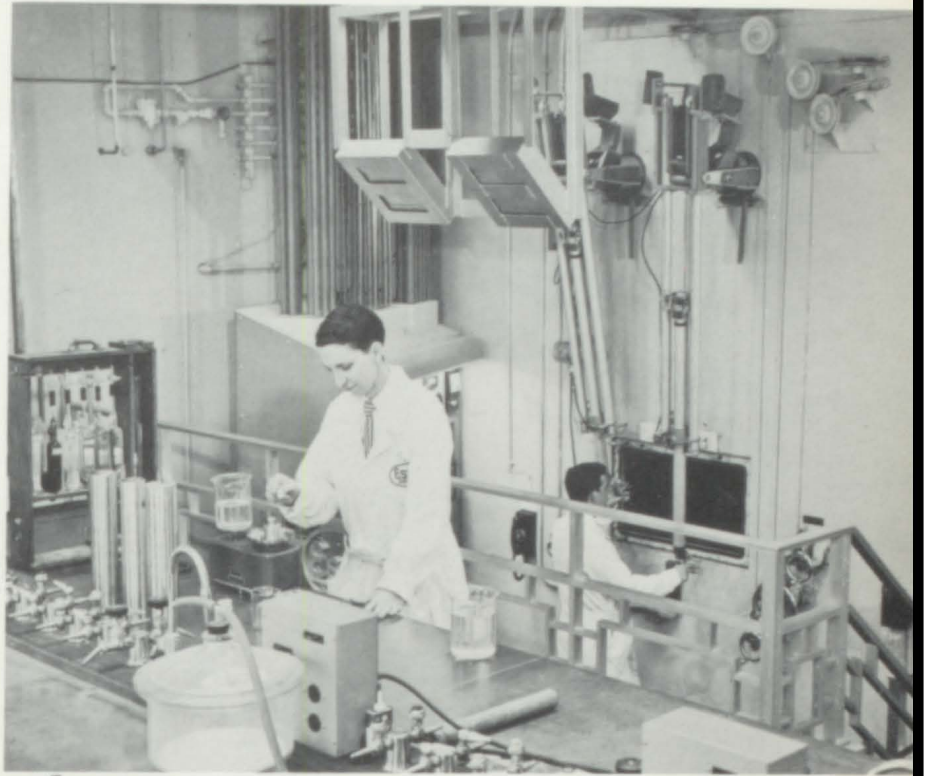

World drama expresses the thought of man.

Administration . . .

Music, an international language, speaks to everyone of us.

Universal

Science is the accumulation of man's discoveries throughout the world.

... and Faculty

True art knows no boundaries.

Blue Printing the Future

Mr. William R. Cain

PRINCIPAL, looks over the preliminary plans of the new Barringer High School.

Mr. Ephraim Eisenberg

VICE PRINCIPAL, surveys site of the new school.

Making the Wheels Go 'Round

Dr. Edward Rattenne, school physician, examines prospective athlete.

Mrs. Linda Kocian gives eye test to check for sight deficiencies.

Miss Fanny Bell, teacher-clerk, and Mrs. Eva Goldsmith, school clerk, look over college bound transcripts.

Mrs. Mary Jones, school clerk, operates photo-copier.

Maintenance staff services and operates plant.

Cafeteria staff celebrates its 50th anniversary.

Barringer Strives For

The novel, *A Tale of Two Cities*, comes to life in these models of the guillotine and the Bastille.

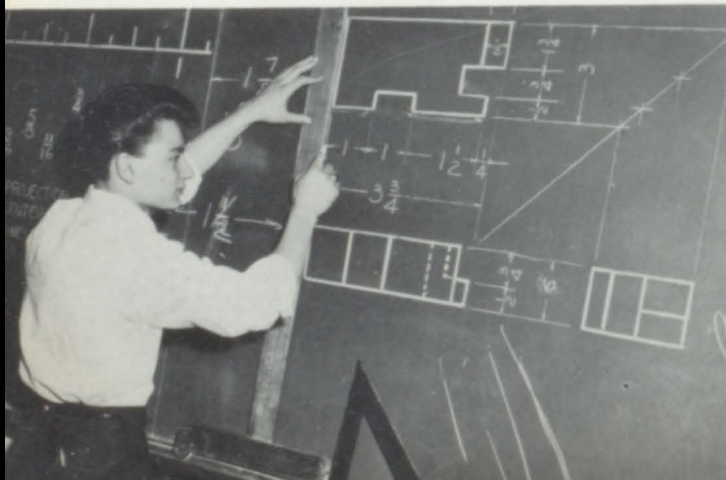

Special ceramics class tries its hand at modeling.

Algebra class examines the functions of a parabola.

Trig students visualize the sine of an angle.

Future architectural designer, Tom Aromando displays his techniques.

Quality Education

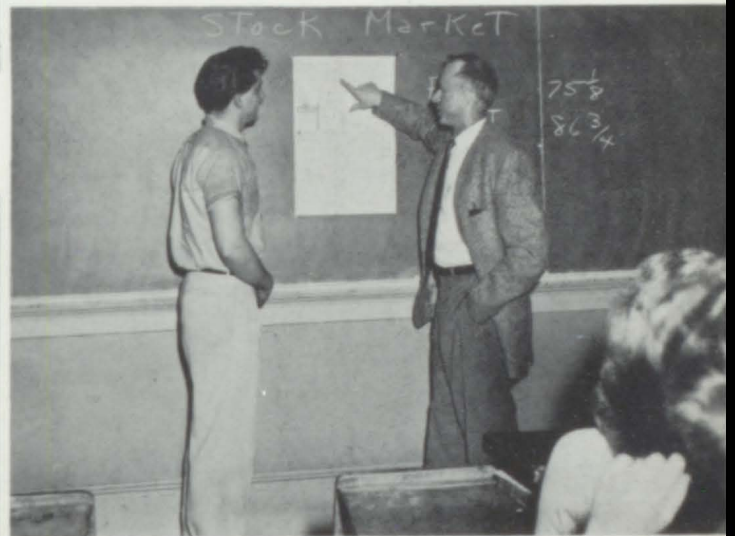

Physics X class listens intently to Mr. Lerner's lecture on refraction of light.

Mr. Getman explains the planetary solar system in senior science class.

Conversational French is emphasized by Mrs. Lippe in language instruction.

Reading the stock market quotations is a favorite activity of the Economics class. Barringer is one of the few schools in the country that has a course in Economics.

Biology student examines the physical structure of the hydra.

World Crisis

United States History 4x class studies urban renewal on the scene of the Metropolitan Development site.

Italian 6 students put to use the ingenious language laboratory designed by Dr. Giannini.

Faculty chamber music society entertains assembly with music from *The Three Penny Opera*.

Barringer High School is one of the few schools in the country to boast of an honor study.

Music theory and composition class work out instrumental harmony on original composition.

Demands Learning In Depth

Barringer features this year the only micro-chemistry lab in the state.

English 8x class studies the world classics of literature.

Barringer representatives in Newark Youth Council make their contribution to the New Newark.

Students in communications class study reading assignments in magazines.

Future Teachers learn by doing at the Hospital for Crippled Children.

Experimental Techniques

English 8 class reads the dramatic masterpiece, *Hamlet*.

Language students read the latest Italian publications.

Dictation speed is increased through drill in steno class.

Latin student reads one of Caesar's proclamations in Latin.

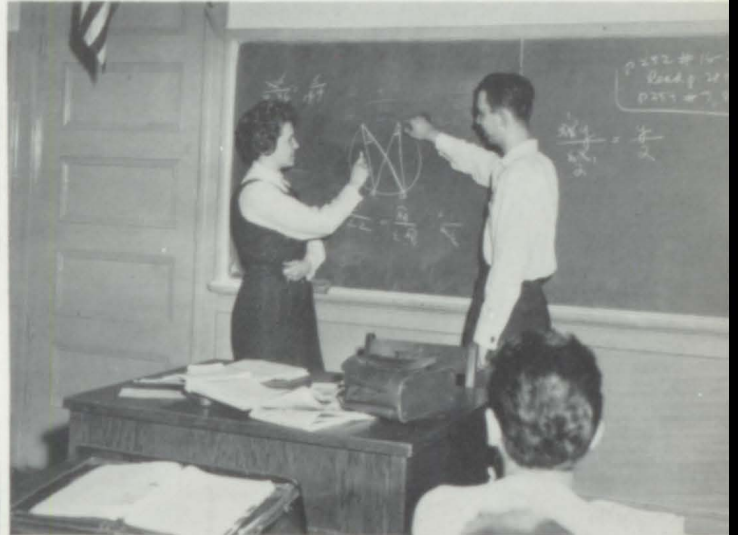

Income tax forms get careful scrutiny in Consumer Math class.

Are Tried To Achieve Goals

Hi-Fi cabinets, book cases, coffee tables, or serving counters, you name it, and they will make it in Shop.

Geometry students puzzle congruency.

Sight Conversation instruction is an integral part of the educational program.

Spanish señoritas prepare for folk dance festival.

Journalism class criticizes makeup.

Flexible Program Provides

Special foods class caters a luncheon in honor of Lincoln's birthday.

Vocational math students measure the area of the room in practical application.

Music Appreciation listens to the different sounds of instruments.

Secretary of Labor, James Mitchell, addresses student body on American political problems.

Drama class rehearses an original play.

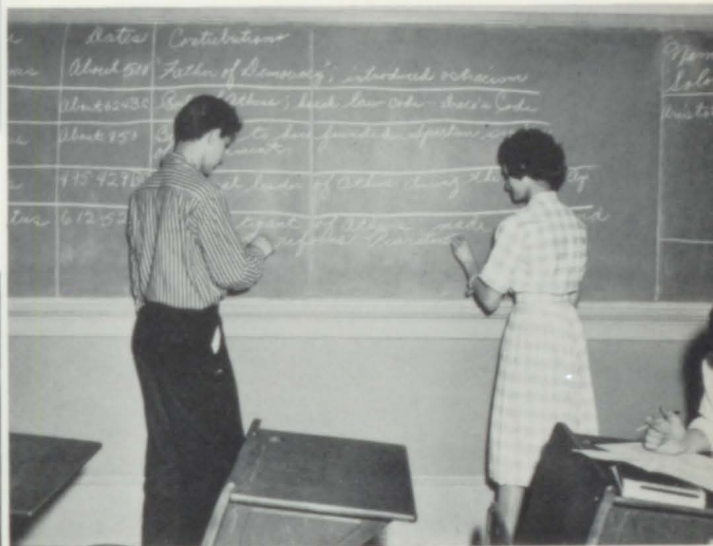

Learning Opportunities For All

International Relations class observes route of U-2 observation plane. School boasts of four I.R. classes.

Chem lab students check the titration of vinegar.

World History class traces the development of democracy.

Field trip to Temple University stops off to visit the Liberty Bell.

Impromptu speech is made by Loragene Reed in Speech class.

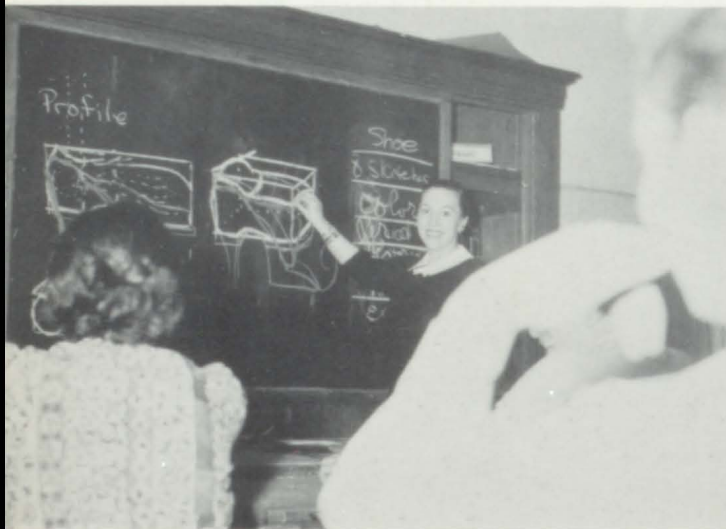

Arouse the Mind, Stimulate Latent Talents,

Individual instrumental instruction is offered in the Music Department.

Gym class does callisthenics by the numbers.

Studio artists receive basic instruction in perspective drawing.

"Easy does it," is the watchword in coed cooking class.

Techniques of artificial respiration are demonstrated by Mr. Lombardi in First Aid class.

Create New Attitudes

Special jobs require different typing techniques.

John Scalia polishes up his architectural drawing in Advanced Mechanical Drawing class.

Stretching into shape!

Senior clothing students model their own creations.

Piston operation is duly noted in Safety class.

Wing

"Monday blues."

Seniors Spark Successful Season

This season after almost a decade of employing the split-T, coach Tony Naporano has switched to the quick-hitting, hard-driving, single wing. This formation, based upon the speed and the agility of the backfield and the quickness and power-blocking of the line, has led the Blue to a respectable 6-2-1 season.

Shifting to this new type of football has been a grueling and enduring task for both coaches and players alike. True to the tradition of Barringer, our boys have met the challenge and in doing so foiled the experts' opinions by their dynamic and explosive play throughout the season.
